

zoom.us Manual

In this paper we shortly describe what you need to know to use zoom.us

What is zoom.us?

- Zoom is a cloud-based video communications app that allows you to set up virtual video and audio conferencing, webinars, live chats, screen-sharing, and other collaborative capabilities.
- You don't need an account to attend a Zoom meeting, and the platform is compatible with Mac, Windows, Linux, iOS, and Android, meaning nearly anyone can access it.

If you haven't yet, please download the app: <https://zoom.us/download>

System requirements

- An internet connection – broadband wired or wireless (3G or 4G/LTE)
- Speakers and a microphone – built-in, USB plug-in, or wireless Bluetooth
